For: State and County Offices

Post CLDAP Upload Procedure

Approved by: Acting Deputy Administrator, Farm Programs

1 Overview

A

Background

The upload of CLDAP CCC-540A and CCC-540 data was executed automatically during end-of-day on Wednesday, May 5. All CCC-540's that had an enrollment date entered into the system were uploaded to KCMO for mainframe processing to determine the national payment factor.

If the producer is eligible for both multi-year and single year benefits, the mainframe process will determine the most beneficial program for the producer. The most beneficial application will be flagged by the system for County Offices to make the appropriate payments once the factor is determined.

Purpose

This notice provides County Offices with post CLDAP upload procedure.
